A. Right to return

In accordance with current legislation, if you are entering into contract as a consumer you may cancel the Contract, for any reason, within 14 calendar days of the date on which you took material possession of the Product.

The steps to follow are:

(1) Notification of cancellation

To exercise your right to cancel your purchase, you must inform us of your decision to cancel the Contract through an unequivocal statement (for example, a letter sent by post, fax, or email). For that purpose, you may use the cancellation form which can be downloaded from this link and send it to the following email address shopusa@point1920.com. You may also make another type of unequivocal statement in which you indicate your decision to cancel the contract, as well as identifying the Order concerned. In the event you notify us of your decision to cancel via our email address, we shall promptly provide you with acknowledgment of the receipt of said cancellation by the same email address.

To notify us of your decision to cancel, we also offer you the following contact details:

PONS INTERNATIONAL CORP
2727 PONDE DE LEON BLVD
CORAL GABLES, FL33134
MIAMI
T. +1 (786) 2521646
shopusa@point1920.com

In any case, your notification of cancellation must identify the Order on which you are exercising your right to cancel.

Sending notification of your exercise of this right prior to the end of the cooling-off period is sufficient to meet the deadline.

(2) Product Return

After notifying us of your decision to cancel, you must return the Product which is the subject of said cancellation to us without undue delay at the postal address given. In any case, the product must be returned within 14 calendar days of the date on which you notified us of your decision to cancel. The deadline shall be considered met if you complete the return of the Products before the end of said deadline.

Any loss in value of the products owing to the handling thereof beyond that which is necessary to determine their type, features, or operation shall be borne by the Client. To ensure the return of the Products in perfect condition, suitable packaging or wrapping for the type of Product and shipping must be used..

Effects of canceling:

In the event you cancel, we shall refund all payments received, including delivery fees. Please be aware that RETURN COSTS shall be borne by you. In any case, the product must be returned without undue delay within 14 calendar days of the date on which you notified us of your decision to cancel.

We shall refund payments using the same payment method you used in the initial transaction, unless you have expressly stated otherwise. In any case, you shall not incur any fees for the refund.

Notwithstanding the previous paragraph, we may retain the refund until we receive the product or until you have provided proof of return, depending on which condition is met first. In the event of cancellation, you shall bear the direct cost of returning (shipping costs) the products.

B. Exemptions to the right to cancel

The right to cancel shall not be applicable to contracts that concern:

The supply of goods made to consumer and user specifications or clearly customized goods.

Likewise, the right to cancel shall not be applicable to:

The supply of sealed goods which are not suitable for return due to reasons of health or hygiene protection which have been unsealed after delivery.

In the event you deem that, upon delivery, the Product does not meet the stipulations of the contract, as a result of showing a fault or defect, you must contact us within 7 days of delivery via our contact form. Please provide the identifying details of the Product, the Order, and specify the fault or defect.

After receiving your message, we shall contact you as soon as possible to inform you of the date on which a courier will visit the address you provide us to collect the Product.

After collecting the Product, we shall examine it closely and inform you by email, within a reasonable period, if you are entitled to demand it be repaired or, if you so choose, be replaced, unless one of such options objectively proves to be impossible or unsuitable.

In the event of repairing or replacing the Product, such actions shall be performed within a reasonable period and shall be free of charge. Said costs are understood to be the costs necessary to compensate for the lack of conformity of the Product with the contract, shipping charges, and costs for labor and materials.

The consumer may not demand replacement for non-exchangeable or second-hand Products.

In the event you may not demand repair or replacement, or when said actions have not been performed within a reasonable period or have caused you further inconvenience, you may choose between a discount in the price or the termination of the contract. Termination shall not be admitted when the lack of conformity is minor. The discount in price shall be proportional to the difference between the value of the Product upon delivery if it had met the contract and the actual value of the Product upon delivery.

D. Warranty

The supplier shall cover any lack of conformity that appears within the period of two years from the date of delivery. The Client shall give notification of any lack of conformity within the period of two months of becoming aware of it.
